

MIDHURST Parish E-Safety Policy

This policy should be read alongside the Parish of **Midhurst's** policies on Safeguarding, Whistleblowing and Disclosure Reporting.

This policy applies to all staff, including clergy, PCC members, paid staff, volunteers including children's and youth workers, those involving in leading or coordinating music and worship, and anyone else involved in working or volunteering on behalf of Midhurst Parish Church.

Purpose of Policy

- To protect children and young people who are ministered to by Midhurst Church and who make use of information technology (such as mobile phones/devices, games consoles and the Internet) as part of their involvement with the parish.
- To provide our staff, volunteers, and parents with the overarching principles that guide our approach to e-safety.
- To ensure that, as a Christian community, we minister in line with our values, and also within the law, in terms of how we use information technology and behave online.
- To guide us as we seek to equip the children and young people with whom we minister to be safe, discerning and wise users of information and communication technology.

We recognise that:

- The welfare of the children and young people to whom we minister and with whom we come into contact is paramount, and should govern our approach to the use and management of electronic communications technologies and online behaviour;
- The use of information technology is an essential part of all our lives; it is involved in how we as a church gather and store information, as well as how we communicate with each other. It is an intrinsic part of the experience of children and young people, and is greatly beneficial to all. However, it can present challenges in terms of how we use it responsibly, and, if misused either by an adult or a young person, can be harmful.

We will seek to keep children and young people safe by:

- Treating any child protection concern arising from the online world in the same way, taking it just as seriously, as concerns arising from the offline world.
- **Ensuring that all staff and volunteers at Midhurst Parish Church avoid using private forms of electronic communication (text message, email, direct messaging including on social media) to communicate with the children and young people they are responsible for.**
- Taking the use of such private communication between staff or volunteers and young people as seriously as one-on-one contact between adults and children without another responsible adult present. It is always the responsibility of the adult staff member or volunteer to put appropriate boundaries in place in their relationships with the young people with whom they minister, in both the offline and online worlds.
- Using open online forums to communicate with children, such as Facebook youth group pages to notify young people of events etc.
- Avoiding any form of inappropriate content in what we, our staff and our volunteers post online, including (but not limited to) sexual content, racist, sexist or otherwise bigoted content, or content promoting illegal activity.
